

*REMARKS/ARGUMENTS*

The claims have been amended to remove multiple dependencies, correct obvious clerical errors and clarify the subject matter recited therein. New claims 169-190 have been added to recite specific structural classes and associated compounds, compositions thereof and therapeutic methods of use. The amendments and new claims are fully supported by the specification, e.g., at p. 46 (Table 1, entry 135), p. 103 (para. [0098]-[0100]), p. 109 (Table 2, entry 5), pp. 110 (Table 2, entry 12), p. 144, and claims 14, 45 (entry 135), 66-69 and 105 (entries 5 and 12) of the application as originally filed. No new matter has been added.

If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,

---
